LEADING 3PA LABOR SERVICE PROVIDER IN THE UK AND EXTENDING ITS SERVICES TO OTHER PARTS OF EUROPE

KEY HIGHLIGHTS

Industry - Third Party Labor Service Provider

Project Duration - Two Months

SCOPE OF WORK

- Project Initiation
- Project Deployment
- Risk Management
- Partnerships
- Stakeholder Management

SERVICE OFFERING

Development of a Deployment Tool Kit that will assist in the execution of operations with relative ease and efficiency

CHALLENGES / REQUIREMENT

- Develop a Deployment Toolkit that will assist in the deployment of the Company and their Client's operations with relative ease
- Reduce manual and redundant intervention to a minimum and enable Company's Partners to effectively deploy the business operations
- Develop standard templates / documents that can be used as a reference / guide
- Develop Addendums to highlight differences between countries based on local laws and operational requirements

OUR SOLUTION OFFERING

- Conducted interviews across various process participants to understand all aspects of project execution
- Defined workflows and guidelines for each stage phase of execution pre-deployment stage deployment phase post deployment support
- Roles and responsibility allocation for all team members with emphasis on external stakeholder involvement
- Highlighted points of information capture that are required by client as well as the partners that they are engaging with
- Developed supporting guidelines and formats in addition to workflows
- Defining key metrics to monitor and assess project progress
- Refined the necessary team structure to meet the requirements of all current and potential engagements

IMPACT

- Outline the stakeholder expectations for successful deployment
- Build a strong Project Management Mechanism which will enable effective project tracking
- Provide standard templates for information capture
- Provide an outline for the step-by-step deployment of the project
